# HAMPUS ISEBRING

FRONT END DEVELOPER AND UX DESIGNER

## SKILLS

HTML & CSS	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
SQL	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
JavaScript	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
React.js	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
TypeScript	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
C# / .NET	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
Next.js	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
MongoDB	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
Vue	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
Git	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
Mantine	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced
Wordpress	Beginner	<div><div></div><div></div><div></div><div></div><div></div></div>	Advanced

Above is a selection of the tools I've used during design processes.

## EXPERIENCE

### DH Solutions – Internship 2023-2024

At DH Solutions, I became a key player in several different projects where I contributed with my knowledge and perspectives on accessibility, UX/UI design, and development. I also handled incoming cases from the case management system and had direct contact with clients.

### Snabbgross – Seasonal + on-call 2022 - 2025

At Snabbgross, I work as a store assistant, helping out wherever I'm needed. For example, picking e-commerce orders, working at the checkout, or stocking shelves. The job involves a lot of customer interaction and teamwork with colleagues.

### Stadium Outlet – Temporary 2019

The job as a sales assistant involved a fast-paced environment and multitasking. Tasks varied from working at the checkout and pricing items to placing security tags and assisting customers. There was close collaboration between colleagues.

### Halmstad Kommun – Monthly employee 2017 - 2018

The job as an extra resource was educational. I had the privilege of working with children of various ages, from 1 to 6 years old. It helped me grow as a person, as I learned a lot about different children and their unique personalities. No day was the same, and problem-solving became part of my everyday routine.

### Hemmakväll – Hourly worker 2015 - 2016

At Hemmakväll, I learned how a store operates, everything from opening and closing procedures to handling the cash register, facing shelves, unpacking goods, merchandising, and restocking various products. What I enjoyed the most was being able to help people, that was the highlight!

## EDUCATION

### Accessibility (EAA). EC Utbildning Gothenburg 2024

This course deepened my understanding of digital accessibility, where I learned how to make digital interfaces accessible to people with different needs. This was in accordance with the European Accessibility Act (EAA) and the Web Content Accessibility Guidelines (WCAG).

### Front End Developer. Medieinstitutet Gothenburg 2022-2024

This course gave me the fundamentals of front-end development, such as HTML, CSS, and JavaScript. I also learned back-end development, as well as modern frameworks and libraries like React and Angular. The course combined both theoretical and practical learning.

### Social Sustainability. Halmstad University 2022

Individual course in Social Sustainability. Introduction to the three dimensions of sustainable development: ecological, economic, and social sustainability.

### Digital Design and Innovation. Halmstad University 2019-2022

180-credit bachelor's program with an introduction to the work of a digital designer. The program combined both theoretical and practical work. UX design, service design, visual design, and basic programming skills are some of the key areas I take with me from these three years.

### Sales and Customer Service. Astar Halmstad 2014-2015

This course focused on teaching sales techniques and customer service. I chose to specialize in retail due to my interest in working in stores.

### Theater. Sturegymnasiet Halmstad 2010-2013

An incredible personal journey where performing on stage helped me get to know myself better and constantly challenge myself. This time will always stay with me as a meaningful period during which I grew as a person.

“ Daily stand-ups, user stories, and sprints provide a clear overview of what needs to be done. I appreciate that way of working.”

A passion project I still update to this day.
